Objective of The Seminar :-

The smartness in a city means different things to different people. It could be Smart design, smart utilities, smart housing, smart nobilities, smart governance and smart transportation etc. The smart city concept come in India in 2014 when Government of India decided to develop 100 smart cities and through Public Private Partnership (PPP) modes to uplift urban life to higher level and for the same smart leadership and smart people are essential. The 100 smart cities to be developed has been chosen as per following criteria.

- One satellite city or each cities with a population more than 40 lacs (9 Cities).
- Cities in the population range of 10 to 40 Lacs people (39 Cities).
- All state/UT capitals even they have population less than 10 lacs.
- Cities of tourist religious and economic importance (10 city)
- Cities in the population between 2 lacs to 10 lacs (25 cities).

Under such criteria Govt. of India has declared for Chhattisgarh as Raipur and Bilaspur to develop as Smart Cities for chhattisgarh.

The main purpose of this seminar is to bring to gather and provide unique platform for knowledge sharing, interaction and fellowship among the professional and Businessman connected with Build Environment, Real Estate Developers, Housing Board, Municipal Corporations, Architects, Engineers, Govt. representative and general
